Notice To Water Trial Participants

The Water Trials will be held in accordance with the provisions of the PWDCA Water Trial Manual, as revised through 2019. Copies of the Manual may be downloaded free of charge from the PWDCA website (www.pwdca.org).

On each day a dog may only be entered and exhibited at one test level.

**A dog must be at least 6 months old on the day of the trial to enter the Junior Water Dog Level and one year of age to enter the Apprentice level, unless the dog has successfully passed the Junior Level.**

A dog must have an Apprentice Water Dog (AWD) title to enter the Working Water Dog (WWD) level, a WWD title to enter the Courier Water Dog (CWD) level and a CWDX to enter Master Water Dog

**Eligibility:** Minimum age of participants: 9 years. Participants aged 9 through 18 years must have a parent or legal guardian present at the trial site while they participate. Minimum age of dogs: 6 months.

**Acceptance of entries:** Entries will only be accepted if they include the Participation Agreement on the entry form, are properly signed, initialed and are accompanied by the proper entry fees by check or PayPal/credit card payment. Entries must be received by the closing date, 5:00 p.m. (EDT) Monday September 14, 2019 after which they may not be accepted, canceled or substituted. Entries open August 1, 2019 and may be mailed or hand delivered, but may not be faxed, emailed or telephoned. Properly completed entries will be accepted in the order received up to the greater of 70 Entries per day or 16 hours judging time per day.

Each trial will close when the maximum number of entries for that trial is reached. If multiple entries are received on any day causing the total entries to exceed the maximum, entries from that day’s receipts will be chosen at random until the maximum is reached. The remaining entries will be assigned to the waiting list. **Space permitting, day of trial entries will be accepted.**

**Waiting list:** If entries in excess of the limits are received before the closing date, the excess entries will be assigned to a waiting list according to the order in which they are received, regardless of test level.

**Refunds:** No refunds of entry fees will be made after the closing date.

**Bitches in season:** Bitches in season will be judged at the end of each day after all other dogs have been judged. The owner or handler of any such bitch must notify the trial secretary of the bitch’s condition before the start of the day’s judging. Handlers may not bring bitches in season to the test area or the surrounding area until they are instructed to do so by the judge or the judge’s designee.

**Non-Regular Entries:** Exhibition entries will be accepted if a trial does not fill with regular entries. (A dog may not be entered as both a regular and an exhibition entry.) Day of trial entries for which there is an extra charge of $5 per entry will be accepted provided there is space available. If the number of these entries exceeds available openings, entries will be chosen by random drawing.

**Changes of entry level (move-ups):** A regular entry may be moved to a higher test level before either trial if the dog is eligible for the higher level. If a handler intends to move up to a higher test level, the trial secretary must be notified in writing at least one-half hour before judging commences at the trial.

**Substitute Stewards:** A handler may use his/her own substitute steward only in the circumstances as prescribed in the Water Trial Manual. The substitute steward must be named on, and must sign, the entry form. Substitute stewards must be familiar with and conduct themselves according to the applicable provisions of the Manual. Requests for any change of steward must be approved by the Trial Secretary prior to the start of judging of a team’s test level.
Equipment: Exhibitors may use their own equipment if approved after inspection by the judge or judge’s designee. The USSPWD or Movers and Shakers Club will provide equipment for use by exhibitors if needed. For Master Water Dog both packages will be offered. The actual package to be used to be determined by judge’s draw each day.

Vests and footwear: When in the Test Area all Competitors and Substitute Stewards must wear a USCG-approved life vest and protective footwear with closed toes.

Dogs on leash: Dogs must be kept on leash or confined to crates at all times, except when participating in a warm-up session or while being judged.

Order of judging and judging program: The order of judging within each test level will be determined by a random drawing on or about September 14th, 2019. A judging program containing the days’ tentative event schedules and order of judging teams will be e-mailed to each entrant. The order of judging of test levels will be: OCT. 4 & 5 Blue Site- Master, Courier; Red Site- Working, Apprentice and Junior with order reversed on OCT. 6 & 7. This schedule is subject to modification depending on entries.

What to bring: USCG-approved life vest and protective footwear with closed toes (mandatory), crate, towels, foul weather gear, sun protection, trial equipment, leash, water dish, dog food, poop bags, etc. Chairs and shade. The site has picnic tables, shade and restroom facilities.

There will be a full time practice site with a boats available to competitors during the Jamboree around the corner from the Trial Site.

Conditions: These trials are open to pure bred Portuguese Water Dogs. I/we understand that the dogs must be in good health, proper fitness and condition for the test they are about to enter and must be at least 6 months of age in order to compete in the water trials. I/we agree to these terms. I/we accept full responsibility for the care of my dog(s) during the water trial.

Special Rules: The water trial is located within the confines of High Falls County Park, Seneca SC. I/we agree to become familiar with and adhere to all site rules and regulations including but not limited to the following:

- Dogs must be on leash or confined to a crate at all times except when participating in practice sessions or when actually being judged.
- If my dog soils the grounds, I am responsible for cleanup and disposal
- Nothing (dogs, banners, etc.) is to be attached to any tree in the park.

General Rules: The Portuguese Water Dog Club of America, Inc., (hereinafter “PWDCA”) rules, regulations, policies and guidelines for water trial participants (hereinafter “the rules”) are in the current PWDCA Water Trial Manual available on the Web site, www.pwdca.org. I/we have received the current Manual and/or have read the rules via the Web site and I/we agree to obey the rules.

Hold-harmless: I/we agree to hold the PWDCA and the event-giving club, their members, directors, officers, agents, and judge(s) at this event, the owner and/or lessor of the premises, any provider of services for this event and any employees or volunteers of any of the aforementioned parties, harmless from any claim for loss, injury, or illness which may be alleged to have been caused directly or indirectly to any person, animal or thing by the act of my dog while in or upon the trial grounds or while entering or leaving same, and I/we further agree to hold the aforementioned parties harmless from any claim for loss, disappearance or theft of, or damage injury or illness to, my dog, whether such loss, disappearance, theft, damage, injury or illness is caused or alleged to be caused by the negligence of the club or any other parties aforementioned, by the negligence of any other person, or by any other cause or causes.

Indemnification: I/we hereby assume the sole responsibility for and agree to indemnify and save the aforementioned parties harmless from any and all loss and expense (including legal fees) by reason of the liability imposed by law upon any of the aforementioned parties for damage because of bodily injuries, including death at any time resulting there from, sustained by any person or persons, including myself (ourselves) or on account of damage to property, arising out of or in consequence of my (our) participation in this water trial, howsoever such same may have been caused or may be alleged to have been caused by negligence of the aforementioned parties or any of their employees or agents, or any other persons.

Arbitration: Notwithstanding any of the above, in the event that I/we or my dog(s) suffer any damage, injury, illness, or loss (including the death of the dog(s) arising from the water trial), I/we agree that any claim arising out of or related to the entry, exhibition or attendance at the event or as to the construction, interpretation and effect of this agreement shall be settled by arbitration pursuant to the applicable rules of the American Arbitration Association. I/we agree that any such arbitration will take place in Oconee County SC. within 60 days of the incident giving rise to the claim, or at such other time and place as the parties may agree. I/we agree to pay a prorated share of the costs of any such arbitration.

I/we agree that these clubs have the right to refuse this entry or any entry for any cause which they deem to be sufficient.

Introduction To Grooming
Thursday Oct.3rd 10:00 am-Noon - Patio Deck

Presented By:
Elizabeth M. Volz

I believe that I rode horses before I could walk. Dogs came shortly after - a German Shepherd named Trina, my first champion and breeding dog. Showing horses and dogs was everything to me as a child. Breeding the best dogs for other families was equally important. I became a professional handler at nineteen in 1985, studying with such notables as Mrs. Anne Rogers Clark, Bill Trainor and Bobby Fisher. Indeed I was fortunate to have such extraordinary teachers and/or mentors.

I have groomed, exhibited, owned and/or bred dogs in every group - German Shepherds, Portuguese Water Dogs, Boxers, Bedlington Terriers, Smooth Fox Terriers, Whippets, Bearded Collies, Poodles, Italian Greyhounds, the list goes on.

After the birth of my son in 1996, I most often specialize in working with Portuguese Water Dogs. I am fortunate to have achieved PWD BISS National Wins in three countries – Sweden, United States and Canada. Aside from presenting multiple breeds as a professional handler and many as a breeder/owner/ handler, I have also been in the center of the ring as a judge responsible for selecting a winner. Therefore, I possess a panoramic view of the show ring - grooming, handling and judging. Additionally I have been an active participant in the breeding world – my dogs producing multiple champions and performance-titled get.

At this point of my career, I have a desire to pass on this knowledge I have gained over the years to those who will carry on with a desire to excel, in and out of the Dog World.

Ms Volz will present a group seminar on PWD pet grooming. Also Individual grooming sessions can be arranged directly with her by contacting her at elizvolz@gmail.com prior to the Jamboree.

THIS IS A PEOPLE ONLY EVENT
Canine Food Therapy and Care for the Geriatric PWD

Thursday October 3rd, 2019, 1pm-4pm

Presented By:

Judith E Saik DVM, DACVP, CVA, CVCH, CVFT

Dr Judith Saik received her veterinary degree from Louisiana State University in 1980 and is a partner in Winterville Animal Clinic located in Winterville, Ga. Her career has spanned working in a mixed practice, owning an equine practice, being a member of the faculty and working on specialty boards at the University of Pa Veterinary School, publication of papers in veterinary journals as well as presentation of original work at scientific meetings. Currently she is specializing in Traditional Chinese Veterinary Medicine (TCVM) and is certified in Veterinary Acupuncture and Traditional Chinese Herbs. She provides clinical laboratory instruction in acupuncture at the Chi Institute in Florida in both their spring and fall courses and is Editor-in-Chief of the American Journal of Traditional Chinese Veterinary Medicine.

Dr Saik is going to lecture for 1 hour on changes in health care you should be attentive to for your aging PWD. This will include common diseases to watch out for, changes to your annual check-up to catch health problems earlier and changes to your training program to accommodate a PWD who is slowing down. The second 2 hours will cover TCVM Food Therapy. This lecture encompasses an overview of designing canine diets to use Chinese Food Therapy both to promote the health of dogs as well as treat specific health conditions, including the geriatric dog. Finally, the class will have an interactive session where they design a homemade diet (based on a TCVM approach) for a young healthy PWD and then design a diet for an older dog in training but slowing down due health issues.

THIS IS A PEOPLE ONLY EVENT
Introduction to Tracking

Thursday October 3rd 4:00pm-6:00pm – Front Porch Office Bldg

Presented By:
Lowise Mowbray & Cathy Tinaglia

The purpose of a tracking test is to demonstrate the dog’s ability to recognize and follow human scent, a skill useful in the service of mankind. Tracking, by nature, is a vigorous, noncompetitive outdoor sport. Tracking tests demonstrate the willingness and enjoyment of the dog in its work and should always represent the best in sportsmanship and camaraderie by the people involved (AKC Tracking Regulations).

This seminar is for those who have never tracked. We will discuss scent and olfaction, AKC Tracking Regulations, equipment, tracklaying, and training methods. Participants will have the opportunity to practice starting a dog on a track. Anyone who wants to practice starts should bring a dog and harness. A water harness is fine.

For an additional charge of $15 we also have suitable fields available for “certification” for those whose dogs are ready to track a regulation TD track.

Intro to Tracking

Canine First Aid

Presented By
Sally Forsyth DVM

Dr. Sally Forsyth graduated from the UGA College of Veterinary Medicine and has been in practice with her husband, Larry Gerlach, DVM for more than 30 years. She is an avid sports enthusiast, involved for more than 10 years in agility, and more than 40 years in the equine world. She and her daughter, Sara, have four dogs that compete in Agility, Dock Diving and Rally. Currently, Dr. Sally has a family pet practice with her husband, in Ball Ground, GA.

We all know that dog events involve hours of preparation, juggling and travel to enter and compete. Minor emergencies can ruin a trip. Not only does a visit to the local emergency veterinarian take you away from the event (You didn't go all that way to spend your time in a waiting room.); but some of these problems are overlooked and can become more serious.

What really should be in your emergency kit based on sound medical judgments, cost and effectiveness?
What are the principles behind your medical decisions, so you understand why should you treat or not treat an injury or illness.

Topics include the kit contents and how at assess...

- Common illnesses and best choices for treatment including...
- "Just not feeling well"
- Dehydration, what is it really...
- Wounds, lacerations and "hot spots"
- Broken nails, torn pads, splinters and abscesses
- Vomiting and diarrhea
- Sprains, strains and bruises
- Injuries to the ears and eyes
- Insect stings and snakebites
- Is CPR helpful? Let's discuss how to decide and implement.

We will provide a complete list with specific recommendations for the first aid kit as well the best purchase locations, a copy of the power point discussion for your personal notes, and a laminated list for your bag to keep for refilling and replacing supplies. Also included is a letter to your veterinarian explaining our class and the general prescription medications suggested to complete your kit. (Then your veterinarian can tailor medications based on your individual pet's medical conditions.)

THIS IS A PEOPLE ONLY EVENT
Canine Massage Seminar
Friday October 4th 11:00am- Noon – Patio Deck

Presented By:
Tammy Ross Walker LMT

Tammy is an experienced Canine Massage Therapist with her main focus being in “Trigger Point-Release Therapy”. Trigger point Therapy is a form of remedial Massage Therapy in which direct pressure is applied to specified points on tender muscle tissue to achieve reduction in muscle tension and pain relief.

Each muscle has potential trigger points which can become activated by muscle overuse, inflammation, trauma, electrolyte imbalances, infections and nerve pain. These trigger points can cause pain over the muscle affected or refer pain and thus be felt in another area of the body. Other trigger points are only felt when the muscle is directly palpitated by the Therapist.

During the Canine Massage Seminar Tammy will offer an introduction into this technique and basic “hands on massage” and stretching that you can do yourself on your canine companion. She will be demonstrating these basic skills with a demo dog and during the seminar you will have the opportunity to practice on your canine companion or on of her demo pups.

All you will need to bring is a comfortable blanket for you and your pup, high value treats, water and something to take notes with. This will be great opportunity to not only obtain important information on how to keep your canine companion healthy and happy through massage therapy, but also a hands-on approach that will leave you feeling confident to continue on your own.

Sign-up below

Tammy will also offer private massage sessions throughout the weekend, early reservations are suggested.

The following is her schedule of charges for private sessions:

Marge Rogers, CPDT-KA, CBCC-KA

Marge and her business partner are Rewarded Behavior Continues, LLC, based in the Blue Ridge Mountains of North Carolina. Marge is a nationally certified dog trainer and behavior consultant. She is also a licensed Family Paws® Parent Educator and a Certified Control Unleashed® Instructor. Marge is a charter member of the Pet Professional Guild and a professional member of the Association of Professional Dog Trainers. Marge has thousands of hours helping dogs and their families in Florida and North Carolina.

Marge is passionate about teaching owners how to use positive reinforcement training – specifically marker training. A clicker is one type of marker that Marge uses. Using markers enables owners to communicate very precisely with their dogs and speeds up the training process.

Dog training requires more than knowledge. It requires effective mechanical skills - observation, timing, and reward delivery. The mechanical skills of the handler are often overlooked in the training process. One of the reasons Marge’s clients are so successful teaching their dogs and modifying behavior is because Marge develops the owners’ skills, too.

The “Click It Up a Notch” workshop is a great overview of clicker training. We’ll have some fun classroom discussion & activities. We’ll discuss & practice the 3 ways to “get” behavior – shaping, capturing and prompting. We’ll also have some fun activities to work on handlers’ observation and timing. When it’s time to work with the dogs outside, you’ll get to put your improved skills to work. Whether you’re new to clicker training or just want to work on your mechanical skills, you can

Platform Training
Saturday October 5th 1:00-2:30pm – Patio Deck

Presented By:
Lori Leonhardt

Lori has been involved with dogs most of her life. She has always been attracted to smart independent breeds and enjoys challenging dogs. She fell in love with Catahoula’s almost 20 years ago and since she does not hunt she started training them for agility, obedience, rally and other dog sports. With her latest dog Pearl, Lori decided to try platform training as taught by Michele Pouliot, for precise rally and obedience positions. Pearl loved the training and is able to transfer what she has learned on the platform to her in ring performances. After this experience, Lori started teaching platform work to dogs that were already participating in obedience to “fix” positioning problems. The results have been amazing and the dogs absolutely love playing on the platforms. Lori has since extended the platform training to include teaching advanced obedience skills, conditioning work, and ground work for agility and much more.

This fun seminar will introduce you and your dog to platform training and give you the skills to continue training at home. Platforms are a great training method for dogs of all size and ages. This is a great method to fix or teach a precise positions and excellent way to teach distance work used for rally, all levels of obedience, trick dog training, freestyle dance, or dry land water training. Platforms can also be used for conditioning work. Some areas that will be covered in the seminar:

1. Magnetizing to platforms
2. Heel position (Both Sides)
3. Fronts
4. Kick Back Stands
5. Drop at Heel
6. Distance Work
7. Tucked sits and stays
8. Pivots
9. Moving downs and stands
10. Finishes left and right
11. Handler’ choice as time allows

Platforms will be available for use during the seminar and will also be available for sale.

Conformation - “Form Follows Function”
Saturday 3:00pm-4:30pm – Patio Deck

Presented By:
Dr. Linda M. Fowler
It has been a pleasure to be involved in the sport of pure-bred dogs since 1976, as a breeder and exhibitor in conformation, rally, obedience and water work.

I obtained first Portuguese Water Dog (male) in 1986 and a bitch the following year. These two became the foundation of my kennel – NAUTIQUE.

In 1992 I was fully approved as the first PWD breeder judge and since have been approved to judge all Working breeds, Bearded Collies and Best in Show. It has been my honor to judge our National Specialty on three separate occasions, as well as a number of other Working breeds in Specialties.

As a judge of Working breeds, it is imperative that each breed’s overall appearance and structure exemplify their standard and then most important upon examination award the dog that I can determine has the physical ability to do the job they were bred to do.

Form Follows Function
This program will review the PWD standard as it relates to the structure most conducive to the work of the breed, which will be followed by the visualization or “hands on” examinations of a representative group of dogs.

THIS IS A PEOPLE ONLY EVENT
ACT 1 & ACT 2 AGILITY TRIAL
Sunday October 6, 2019 – Agility Field
AKC Agility ACT 1 and ACT 2

Portuguese Water Dogs will be accepted first then open to all breeds and all American mixed breeds. Earn an agility title on your beginner dog in a trial atmosphere! The Agility Course Test is an entry level agility event to introduce beginning dogs and/or handlers to the sport of agility. Dogs must be 15 months or older to enter and must meet the requirements for a regular AKC agility trial (Chapter 1, Section 3), except that they do not need to be registered with AKC to enter.

Awards: Green qualifying Rosettes will be given to all qualifiers. ACT Title Rosettes will also be awarded.

ACT Level 1 is open to dogs that have not earned any AKC agility titles. The course will have 10-12 obstacles: 5’ A-frame, table, tunnels, and bar jumps (no spread jumps); tire & panel jumps are allowed but not required. Time for all jump heights is 60 seconds with a minimum score of 85 to Qualify. Two Qualifying runs earn the title – ACT1.

ACT Level 2 is open to dogs that have not earned a title in any AKC Agility class except an ACT1 title. Level 2 courses have 11-13 obstacles: all of the obstacles in Level 1 plus a teeter, 6 weaves, tire, and 1 spread jump (triple, double, or broad); the dog walk is allowed but not required. Time for all jump heights is 70 seconds with a minimum score of 85 to Qualify. Two Qualifying runs earn the title – ACT2.

Refusals & Run-outs are not judged. More than 3 attempts at an obstacle will result in an elimination (failure). The rest of the faults are the same as in the regular agility classes. All passing scores can be under the same judge. Only one dog in the ring at a time.

Dogs may be entered at any of the following jump height divisions: 4, 8, 12, 16, 20 or 24 inches, handler’s choice. A jump height card is not required. Dogs will not be measured.

Running Order: First dog on the line at 8:00 am ACT1 Round 1 (small to tall); ACT1 Round 2 (tall to small). ACT Level 2 will follow: ACT2 Round 1 (small to tall); ACT2 Round 2 (tall to small). There will be a break at the judge’s discretion. Judge’s Briefing: 7:30. Judging Starts at 8:00 am. You will be permitted to walk the course as directed by the evaluator without your dog.

Dogs that are not AKC registered may participate & their performance will be recorded by the AKC under a temporary recording number. This temporary number will be emailed to the owner and must be used when entering subsequent ACT events; they may not be used for any other AKC events.

Entries will be accepted as received. Your entry must be complete and signed with liability waiver initialed or they will not be accepted. No entries will be accepted by phone or fax. Express mail entries must include the signature waiver allowing them to be left at the secretary’s address. Inquiries may be directed to: Marilu Novy at mnovy34485@aol.com. Returned checks do not constitute a valid entry and the Trial Secretary will add a $50 collection fee to the amount of each returned check.

Refunds: Entry Fees will not be refunded in the event that a dog is absent, disqualified, excused, or barred from competition by the action of the Trial Committee. No entry fees will be refunded if the trial cannot open or be completed by reason of riots, civil disturbances, fire, and act of God, public emergency, act of a public enemy, or any other causes beyond the control of the organizing committee. Refund for dog or handler injuries may be refunded with a doctor’s/vet’s note required. If bitches come into season after entries are sent a refund may be given with a vet’s note.

No Flexi-Leads, e-collars, prong collars or smoking is permitted on trial grounds. Dogs are not permitted to run free on property. They must be crated or on leash when not competing.
To minimize conflicts with other Jamboree events we need to know if you are entered in the ACT Trials. Please complete and submit the sign-up box below.

Obedience Seminar
Sunday October 6: 1:00pm-3:00pm - Field

Presented By:
Frank Cardillino

Frank has been involved in pure bred dogs since 1974. He has owned and trained several different breeds including Weimaraner’s, Dobermans, and Portuguese Water Dogs. An AKC Obedience Judge since 2009 and a PWDCA Water Judge since 2012. Frank has served as an Obedience Instructor for Albany Obedience Club and Salisbury Maryland KC as well as Obedience Training Director for Salisbury Maryland KC and Obedience Trial Chair for Salisbury Maryland KC for the past 8 years.

The Seminar will start with a discussion and Q&A session on both the existing regulations of obedience as well as the new changes, followed by a breakdown of where points are lost during and between exercises for all classes (Novice, Open, Utility, the optional titling classes will be will also be covered if there is interest). A brief demonstration of heeling and where points are lost will be conducted.

Seminar handouts will include questions and answers on when, where and how many points can be lost during each exercise from Novice to Utility.

The Seminar is for handlers only, no dogs and no equipment needed. Bring your own chair. We will have accomplished dogs and handlers to demonstrate each level.

Conformation-Parts Match
Sunday 3:00-4:30pm - Field

Presented By:
Vincent P. Chianese

Who has been involved with dogs of many breeds since childhood but became seriously involved in the ‘70s starting with Siberian Huskies and in the early ‘80s became hooked on Great Pyrenees finishing many to their Championship. He has been an AKC Licensed judge since 1992 and is now approved to judge the entire Working Group plus several other Breeds. He became involved with PWDs along with his wife Sandy and they participate in Water Work.

In “Parts Match” Selected dogs are brought into a ring and using the Breed Standard the judge will read the appropriate “part” standard such as “head” and determine the best dog in terms of “head” and describe why he/she made that determination. Similarly the judge will go on to front- chest- feet, Body-neck-topline-tail etc. and go through the same process. The audience may get a chance to also score their choices under the various Categories. Bring your dog.
