

January 2010

A Word From Our President

Happy New Year to all of our friends....human and canine! We have a busy year planned for all! As your new President, I take great pride in the previous accomplishments of the Club and hope to move forward with offerings for all members.

The recent loss of my sister gave me a chance to reflect on the important people in our lives. The network of PWD owners in our Club has become a valued part of my personal life, and I encourage all of you to take the opportunity to participate with this great group of people. Our shared interest and concern for our wonderful four-legged "children" lends itself to building meaningful, lasting friendships. What a better way to start than attending our Supported Entry in February. Even if you are not entering

your dog in competition, we (people) will be gathering for our Friday night membership meeting and dinner. It will be an exceptional chance to meet other members and share all of those wonderful "dog tales"!

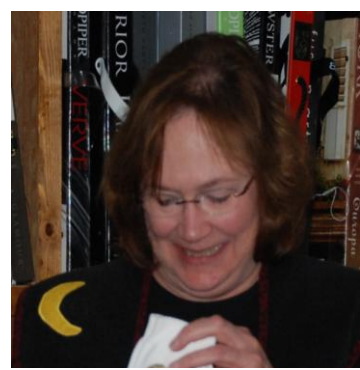

This year we have events planned for you and your dogs throughout the region, so please become an active participant. The rewards will be overwhelming and the dogs will certainly enjoy the activities as well. None of this is possible however without the willingness of all to volunteer their time and services to our endeavors. Their efforts are most certainly appreciated!

So here is to 2010, hopefully a year of new and enduring friendships.....

Linda

Connie Rego Named Member of the Year at Annual Christmas Party

The food and companionship at the Annual Christmas Party were both wonderful. Many thanks go to Jay and Cheryl Manion for hosting this event. The gift exchange was a fun-filled event. At the membership business meeting, Lou Guthrie announced that Connie Rego had been selected as the Movers & Shakers **Member of the Year**. Connie has been outstanding in her contributions to the Club's efforts.

Tellington TTouch Comes to the Pond!

TTouch teaches us that we have choices – choices in how we look at life and the challenges that we face every day. The TTouch method uses touch, body wraps, and a confidence course to teach our dogs about choice. It is because we have choices in life that we don't feel trapped and when we have choices we are less likely to be reactive.

After spending a summer at the pond watching the PWDs be told "get your line" I know that they are a breed that thrives on choice! They like to think about the best way to do things – which makes them a wonderful dog for TTouch!

I would like to invite you to learn more about TTouch this spring and summer as I will be giving introductory sessions at the pond.

Thank You!

To my Movers and Shakers Friends, I want to Thank You from the bottom of my heart for the nomination of member of the year and my wonderful gift.

I do not feel as though my contributions have been any greater than those of others; nevertheless, I thank you for this recognition.

I look forward to working and learning from this great group of friends.

As we continue to move forward Happy Training to all. Connie
